

rheeboShare

a fundraising marketplace for
not-for-profits powered by Rheebo

Overview

rheeboShare, a feature of Rheebo, is an online local marketplace that provides not-for-profits with a sustainable and non-intrusive way to fundraise.

Program

Through a partnership with Acktify, one of the largest direct to consumer sellers in the global marketplace, Rheebo is taking brand new returned merchandise from Acktify and selling it in the **rheeboShare** marketplace with a percentage of each sale going to a not-for-profit of the shopper's choice.

PROGRAM • NON-PROFIT OVERVIEW

We realize that your time is important so getting started and ongoing participation is quick and easy! There is nothing you need to do but create an account and tell your supporters!

Program for Not-for-Profits

1. If you agree to participate, create a not-for-profit account on Rheebo. Your organization is then added to our directory and to the RheeboShare list.
2. You notify your supporters via newsletter, facebook or ?? about the program. The link to the store is <http://www.rheebo.com/Store.aspx>
**We will also provide a badge for your website.
3. When your supporters shop, they select your organization and your organization then earns a percentage of each sale. The percentages vary but none less than 20%. Most more.
4. We reward your supporters too! When they shop and purchase, they earn Rheebo buzzPoints that can be redeemed for real merchandise in the marketplace.
5. Most merchandise is picked up at our location in Rowley MA. We currently **do not ship** items. It's all about local! Our program also supports local merchants too and soon you will be able to buy merchandise from your favorite local merchants that can be picked up at their location.
6. At the end of each month, a check is mailed along with a report of orders.
